

Patent & Intellectual Property Notice

Football Scout AI

Minimax Sustainable AI Ltd (MSAI), Hull, United Kingdom

Intellectual Property

Football Scout AI is the proprietary innovation of **Minimax Sustainable AI Ltd**. All source code, documentation, models, and safeguarding frameworks contained in this repository are protected under UK and international intellectual property law.

- **Copyright:** © 2026 Minimax Sustainable AI Ltd. All rights reserved.
 - **Patent Pending:** Football Scout AI is subject to patent filings covering safeguarding-first AI architecture, bias-resistant scouting algorithms, and compliance-integrated audit frameworks.
 - **Trademarks:** "Football Scout AI" and associated logos are trademarks of Minimax Sustainable AI Ltd.
-

Licensing

- This repository is released under a **restricted Apache-style licence**, adapted to founder-protective compliance.
 - **Permitted Use:** Partners and collaborators may use the code for evaluation, research, and integration subject to safeguarding compliance.
 - **Prohibited Use:** Commercial exploitation, resale, or derivative works without explicit written consent from Minimax Sustainable AI Ltd.
 - **Audit Requirement:** Any deployment must include safeguarding and compliance checks as defined in the Football Scout AI framework.
-

Compliance Standards

Football Scout AI is designed to operate in alignment with:

- **FIFA compliance standards** for player data and talent identification.
- **UNESCO principles** for ethical AI and inclusive education.
- **UK Department for Education (DfE) frameworks** for safeguarding and digital transformation.

Enforcement

Minimax Sustainable AI Ltd actively monitors and enforces its IP rights. Any unauthorised use, reproduction, or distribution of Football Scout AI will be subject to legal action under UK and international law.
